

DALY CITY MERCHANTS ASSOCIATION AGAINST PROPOSED RAISE IN BUSINESS LICENSES AS OUTLINED BY THE CITY COUNCIL

MEMBERS TO MEET WITH COUNCIL ON MONDAY EVENING

The Daly City Merchants Association as a body took a definite stand and went on record as being opposed 100 per cent to the present draft presented by the City Council for raising business license fees in Daly City. President Tom Stanghellini stated that the proposed plan would up business license fees in most cases at least 300 to 400 per cent, and in some businesses even more.

Council members and merchants will meet Monday night, December 20 at 8 p. m., in the city hall to discuss the matter more thoroughly and to try to clarify and reduce the present proposed license schedule. All merchants are requested to attend.

It is the consensus of opinion of members of the association that costs of doing business, business licenses, taxes, etc. are heavy enough at the present time and that there is no real need to raise more money for city uses through a much heavier imposition on the merchants by a prohibitive license fee.

ELEMENTARY SCHOOL BOARD APPOINTS CITIZENS COMMITTEE TO MEET WITH STATE AUTHORITIES HERE FRIDAY

Kids Aren't Pigeons—Lack Homing Instinct

Kids always have a good time when they visit their grandmother for the holidays. Only sometimes they find their new surroundings bewildering.

Arthur (8) and Susan (4) McKinnon were picked up at Evergreen avenue and Mission street Saturday, and it was apparent that they were lost.

Investigation disclosed that the children, from Sacramento, were visiting their grandma in San Francisco. They had gone to a theatre on Geneva avenue and walked the wrong way on the way home.

Police took the children on a cruise of the Geneva area and Arthur was able to identify the home of his grandma, at 319 Rome street, after a brief search.

Christmas Program Set For Sunday

Phyllis Blackburn and Robert Montgomery will have featured parts in the annual Christmas program presented by the Grace Presbyterian Church's choir and Sunday school. The program will be held at 7 p.m. Sunday, December 19, at the church.

The church choir, with Mrs. E. Hanson directing, and the Junior Girls' Chorus, with Misses Delores and Barbara Winter and Betty Sorrentino as teachers, will sing special Christmas numbers.

The boys' classes, directed by R. Ward, will give a choral reading. An accordion solo will be presented by Ronald Harrison. Ronald Dickson and Mary Ada Sea will portray Joseph and Mary in "The Manger Scene." The angel will be Lorraine Bergstrom, with Jack Patton, Bob Stone, Charles Maynard as the shepherds. Jim Dowell and Mrs. William Harberts will be the readers. The angel chorus is composed of Carole Clark, Marguerite Constantine, Anita Holcomb, Mary Ann Costello, Phyllis Blackburn and Arlene Pool. James Dowell will be in charge of special lighting.

Following the program the choir and young people will carol to shut-ins.

Because of crowded conditions, the primary and beginners departments will hold their Christmas program at 7 p.m. Wednesday, December 22. The program will be closely related to the new curriculum which has been used in the Sunday school this year.

A fireside scene will be presented by the beginners with Mrs. A. Benoit, Mrs. W. Conthard, Mrs. Dean Willis, Mrs. George Lindsey, Beverly Bruch and Mary Ann Costello in charge. George and Donald Miller will play an accordion duet. "The Feast of Lights" will be presented by the primary department. Taking special parts will be Mr. and Mrs. Jack Price, Carol Hodge, Gary Barnes, Connie Costello, Emil Keyser, Stephen Hanson, Ira Ingersoll, Bobbie Rich, Eugene Whinnen, Billy Gordon and Richard Gensil.

Mrs. D. Ross and Mrs. E. Dreyling will have charge of the Nativity scene. Adelaide Theuner, Grant Ross, and the angel choir will present the closing number.

Muriel Dado and Ora K. Miller are in charge of costumes. Janet Warren will be the pianist. Christmas treats will be served. The Couples' Club will go carolling following the program.

Italian-American Club Plans Two Holiday Parties

A Christmas celebration complete with a Christmas tree and Santa Claus will be held by members of the Italian-American Citizens Club at Colombo Hall beginning at 7 p.m. Sunday, December 19. An orchestra will be provided for dancing. Admission is free to all members, their families and friends.

The group will hold their New Year's Eve celebration Friday, December 31. The affair will be a "Get-Together" party and will also be held at the Colombo Hall starting at 9 p.m.

Sixteen local residents have been appointed by the Jefferson School District Board of Trustees to a Citizens' Committee which will meet with representatives of the State Division of School House Planning Friday night at the school administration building, 344 Santa Barbara avenue.

Dr. Charles Bursch and Edgar Parsons of the state office will discuss the school building program with the committee members, after which the committee will report to the board of trustees.

The public will not be able to attend the discussion, but the report of the committee will be publicized at a later date.

16 MEMBERS
The committee includes Mrs. Else Berg, Mrs. Marie Sorensen, Mrs. Marie Miller, Mrs. Ladene Impeatrice, Mrs. W. J. Hunter, Mrs. Thomas Doel, W. M. Cheatham, Hugh Smith Jr., R. E. Damon, W. H. Beck, Edmund Cavagnaro, Edward Garibaldi, John Klavin Jr., Louis Nava, James F. Dolan Jr. and Carter Callan.

The job of the committee, as outlined by the board of trustees, is to "discuss with Dr. Bursch and Mr. Parsons the school building program as it is proposed and approved by the local board and state authorities, particularly the four classrooms for the Woodrow Wilson site."

Dr. Bursch, when notified of the meeting, declared that he welcomed the opportunity to express the viewpoint of his department and to furnish information on the rules and regulations and their requirements as they affect the local building program.

CONTROVERSIAL ISSUE
The controversial school building program had drawn criticism from some individuals who demanded that Woodrow Wilson Elementary school be replaced with a new building. Both the board and state authorities had planned to build new schools for elementary grades and tear down the Woodrow Wilson elementary school, using the space gained for recreation area. The aged structure has been closed for two weeks upon advice from the district attorney that the school district would be liable for any damages sustained by any person due to inferior construction.

104 Polio Cases In County This Year

One new case of polio, in Redwood City, brings the total to 104 cases during 1948, according to County Health Director Harold Choate. A total of 5,276 cases have been reported in California for the first 11 months of 1948, Choate said.

Figures for this county showed the following breakdown of 1948 cases by cities: San Mateo 23, Redwood City 23, Menlo Park 17, South San Francisco 11, Daly City 6, Burlingame 5, San Bruno 4, San Carlos 3, Millbrae 3, Belmont 2, and Loma Park 1.

Age breakdowns were: ages 0-4, 30 cases; ages 5-9, 26; ages 10-14, 13; ages 15-19, 5; ages 20-29, 12, and ages 30-39, 11.

BARBARA JENSEN SETS SWIM MARK

Another swimming record has been broken by Barbara Jensen, daughter of Mr. and Mrs. Jay Jensen, of Colma.

The 19-year-old aquatic star swam the 300-yard individual medley in 4:34 minutes at Crystal Plunge Saturday, breaking the previous American record of 4:13.3, set by Joan Fogel in 1941.

Miss Jensen formerly was with the Athen's Club of Oakland, but at present is an unattached performer. She will swim for Crystal Plunge in July of 1949 in the outdoor races at Florida.

The local swimmer won the national championship for the 100 meter medley in San Diego earlier this year.

JUDGE CRACKS DOWN ON LOOSE DRIVERS

Cracking down on reckless drivers and on those found drunk in or around an automobile, Judge William J. Sweeney taxed four offenders a total of \$250 in police court last Friday.

The judge pointed out the large percentage of fatal accidents caused by speeders, reckless drivers and those under the influence of alcohol, and warned motorists to take it easy, especially during the holiday season.

HILLSIDE MANOR, BELLE VISTA AREAS OCCUPY COUNCIL

The city council, meeting in regular session at the city hall Monday night, passed a record number of resolutions on matters of city business. A total of ten resolutions was adopted.

Six of them had to do with formation of an assessment district for street improvements and utilities in Hillside Manor subdivision No. 2, recently annexed two-block tract being constructed by Sterling Building Co. off Hillside boulevard. The council set January 24, 1949, as the date for a hearing on the proposed assessment district.

In others, a portion of Edgemoor street was abandoned to make room for the new Belle Vista subdivision adjoining the Crocker tract and the subdivision map for the Belle Vista project was adopted. It is expected that more than a hundred new homes will be constructed in this area, near Frankfort and Bellevue streets.

The final map of Westlake subdivision number one, comprising approximately 600 homes to be constructed by Henry Doelger, Inc., was also adopted, and a franchise for a water line from an existing well to a proposed landscaped area was approved.

R. C. Klassen, city engineer, was authorized to contact the state division of highways to eliminate a number of streets from designation as streets of major importance. The streets include Niantic avenue, Station avenue, Werner avenue, Alemany street, San Pedro street, Knowles avenue, Vale street, Market court, Acton street, Templeton avenue, Wellington avenue, Hanover street, Peoria street, and East Vista avenue.

Klassen was also instructed to proceed with plans for the extension of Brunswick street through the Hillside quarry to Hillside boulevard.

The meeting was adjourned until next Monday, December 20, on the request of Thomas Callan, when action will be taken to clear title to a number of tax sale lots owned by Callan.

GASOLINE IGNITES AS MAN WORKS ON AUTO

Gasoline is a dangerous commodity. William Larcher, 274 Hillside boulevard, learned this on Monday as he was repairing his car at home. Leaking gas was being collected in a can when an electric globe burst, igniting the gasoline.

Volunteer fire companies 1, 2 and 6 responded to put out the blaze.

Larcher was treated for burns on both hands and the face at Junipero Serra hospital.

In another auto blaze, firemen from Companies 1, 2 and 4 extinguished a fire in a car belonging to Walter Kleinen at Evergreen and Brunswick, on the same date.

Three Shops Open In New Broadmoor Shopping Center

The value of lipstick adorning a woman's face has been disputed since the use of it became popular. However, a new use of the red paint has been found by shoe stores which everyone agrees is a good utilization of the cosmetic. This is the "Tell-Tale-Toe" method used to keep tabs on the growth of children's feet.

The method is used by the Weitzel Shoe Store, opened this week in the new Broadmoor Shopping Center on Junipero Serra boulevard.

To further insure the proper fitting of shoes, the store will soon be equipped with the latest X-ray machine available. Owner and manager of the shop is R. H. (Bing) Weitzel.

Two other stores also opened this week in the Shopping Center. They are a men's shop, Hamilton's of San Francisco, and the Broadmoor Pharmacy.

LOCAL BOYS MAKE GOOD IN PRO GOLF CIRCLES

Pat Markovich, who grew up in Daly City and is now head man at the Richmond Golf Club, was re-elected to the presidency of the northern California division of the Professional Golfers Association at the annual meeting of the PGA Monday at the Whitcomb hotel. Pat is a brother of Peter J. Markovich, Daly City insurance agent.

Markovich just returned from the national PGA conclave in Florida.

Another local boy, formerly assistant pro at Richmond and Howard Capps, who is now assistant professional at Fred Waring's Shawnee-on-the-Delaware golf club on the east coast, Howard, former Jefferson football and basketball star, is a brother of Ralph Capps, commander of the local American Legion post.

Transfers Between 26 and 14 Lines At Daly City Are OK

An interchange of transfers between patrons of the No. 26 and No. 14 lines of the S. F. Municipal Railway system at Daly City has been authorized by G. W. Evington, superintendent of transportation for San Francisco. The new rule permits travellers to transfer back and forth from the Broadmoor 26 bus to the No. 14 street cars at Daly City.

The move was in response to a request by the city council, who urged that transfers be honored between the two lines. Previously, people transferring between the 26 and 14 lines were required to pay two fares.

The council had requested the change in a recent conference with municipal railway officials concerning improved transportation facilities for Daly City and vicinity. The change will benefit persons residing in the southern sections of Daly City, and in Garden Village and Broadmoor.

On January 16, the No. 14 street cars will be discontinued, being replaced by express buses which will terminate at the Bank of America at Mission street and San Jose avenue. The council was unsuccessful in attempts to have the 14 bus line extended to Market street.

Her Pocketbook Hurts But We Have The Cure

A local woman's face was red this week. And her pocketbook was hurting, too.

Seems this lady went into San Francisco last week to buy herself a dress. She found one she liked, paid a pretty good price, and took it home with her.

Next evening she donned the new garment, showed it to her neighbor, and went into the usual prattle about where she bought it, how much she paid for it, etc.

"Why, they have the very same thing at so-and-so's dress shop in Daly City," the neighbor exclaimed, "and it's priced two dollars lower."

A visit to the local dress shop confirmed the story. Which only goes to prove that IT PAYS to shop in Daly City with your home-town merchants.

Twenty-four Apply For Water Dept. Clerical Positions

A total of 24 applications for two positions in the municipal water works collection office was on file with the civil service board of review last Saturday, closing date for filing, according to John Degliantoni, chairman of the board of review.

Seven of the applications were for the position of male chief clerk, with seventeen women applying for the job of clerk-cashier. The chief clerk's job will pay \$260 per month; the clerk-cashier, \$170 to \$200 per month.

The applications will be screened by the civil service board of review for qualifications, with a written civil service examination set for January 8.

CAR "BOOSTERS" MAKE HEADWAY THIS WEEK

Further proof that it doesn't pay to leave your car parked at night unattended, especially when it contains valuables, was reflected when two more autos were broken into this week.

On Wednesday, Howard Fletcher, of 201 Vista Grande avenue, reported that his car had been broken into during the night. Thieves removed a radio and some tools.

On Sunday night, a car belonging to W. L. Nevers, 127 Irvington street, was rifled while it was parked on Mission street, near the county line. Suitcases containing clothing and a large quantity of jewelry were stolen.

CHILDREN'S CHRISTMAS PARTIES AT CREST, DALY CITY THEATRES READY FOR TWO-HOUR SHOWING ON MONDAY

County Challenged On Fiesta Site

A threat that San Mateo county may lose its new \$237,000 Fiesta building was seen last week when the Bay Meadows Aviation Corporation, which had sold the land to the Fiesta, said the county had failed to complete access roads in accordance with a purchase contract for the 26-acre tract. A spokesman for the corporation said the seller would exercise its right to repossess the property, together with improvements, for breach of contract.

County Supervisor Edward McDonald and District Attorney Gilbert D. Ferrell, however, said they would fight such a move and expressed confidence the courts would protect the county's investment.

Fire Chief Asks Elimination Of Yule Hazards

Fire Chief Elmer Kennedy warned today that inflammable Christmas decorations introduce a needless fire hazard during the holiday season, and asked local residents to avoid the possibility of turning the cheerful Yuletide period into a time of grief and tragedy.

"Many of the tragic holiday fires of the past were caused by the use of inflammable decorations," he said. "A few years ago 99 people were killed at a Christmas party in St. Johns, Newfoundland, as a result of dangerous holiday decorations."

Non-inflammable decorations of glass or metal are available, and "fireproof" snow should be used around the Christmas tree. It is dangerous to use paper or cotton in tree decorating.

Decorations should never be used near chairs or other places where people may smoke, and plenty of ash trays should be placed around the house during the holiday season, as always. It is best to put decorations up near the ceiling, well above the head of anyone standing up.

Candles should not be used as part of the Yuletide decorations. Curtains should be pulled back at least six inches from any electric light.

Kennedy emphasized that these simple precautions would help prevent the tragedies which have marred previous holiday seasons.

Smith Asks Building Permits For Auto Courts At Hillside Quarry; City Plans To Put Street Through

A request for building permits for 20 three-room auto court units to be constructed at the quarry on Hillside boulevard, adjoining Edgemoor Terrace, was presented to the city building inspector Tuesday by Lyle Ingersoll, contractor for H. H. Smith, owner of the quarry site.

The twenty courts would be the first units of a new motel enterprise contemplated by Smith, owner of the Mission Auto Court, and the entire quarry plan would include more than a hundred units.

At the same time, R. A. Klassen, city engineer, was working under instructions from the city council to lay out a proposed extension of Brunswick street, through the quarry, to connect with Hillside boulevard. It is a

With schools throughout the city going into a two-week Christmas vacation starting Monday, grammar school students were eagerly looking forward to the two gigantic theatre parties scheduled for next Monday, December 20.

Both the Crest Theatre and Daly City Theatre will open their doors at 12 noon Monday for school children, who have obtained tickets at their respective schools. A two-and-one-half-hour program is scheduled at each showhouse, with the lights being dimmed at 12:30 p.m.

Besides main feature presentations, five or six cartoons, comedies, community singing, appearance of Santa Claus and free candy will be on tap for the youngsters.

The special Christmas presentations are being conducted under the auspices of the Daly City Recreation Committee, assisted by Parent-Teachers organizations from both the public and parochial schools.

All school children have been given the opportunity to obtain free admission tickets at their schools, and will be expected to attend a designated theatre, either the Crest or Daly City, to avoid confusion and overcrowding.

Mr. McGrath, manager of the D.C. Theatre, and Phil Zeno-vich, of the Crest, are cooperating in the special Yuletide kids' theatre party, so that a similar program will be presented at each movie house.

The theatre party will be the first children's event in a two-week vacation period. Schools will open again on Monday, January 3, 1949.

Assisting in sponsoring the programs are the Women's Civic Club, playground directors, P.T.A. of Colma, General Pershing, Crocker, Woodrow Wilson and Our Lady of Perpetual Help schools, and the Daly City Police and Firemen's associations.

Mrs. Virginia Lagomarsino is chairman for the Crest Theatre, with Mrs. Ann Eason fulfilling the same duty at the Daly City Theatre.

Children from Thornton, Jefferson elementary and the Broadmoor kindergarten are to attend the Crest; those from Crocker, General Pershing, Woodrow Wilson, and Our Lady of Perpetual Help, the Daly City Theatre. Free tickets will be distributed at the schools.

Santa Claus will distribute candy to the school kids as they leave the theatre.

Will Leave For Hawaii After Marriage Friday

Mrs. Leona Perry of Daly City will become Mrs. George Eastman at a wedding ceremony at 7 p.m. December 17 at the home of Mrs. Connie Reaper of 434 San Diego avenue.

Officiating will be Reverend William Harberts. The bride is the sister of Mrs. Virginia Arluck of Daly City. The newlyweds will spend their honeymoon in the Hawaiian Islands.

foregone conclusion that extension of Brunswick street through the quarry would conflict with plans for auto court units on the site.

The building inspection office has referred the auto court plan to the city council for decision.

The first 20 units for which building permits were requested would form an ell on the southwest portion of the quarry site. Nine of them would be built on the ridge along Hillside boulevard, with the backs facing on that thoroughfare.

Consisting of living room, bedroom, kitchen, bath and garage, the units would be of frame and stucco construction, designed in the fashion of the early California Missions.

Don't Let Death Take Your Holiday!

Is your Christmas gift list all made out? Wait a minute—here's something you may have forgotten.

How about giving one extra gift this year? No, we can't tell you who to give it to. That's up to you. Maybe you will give it to your wife or husband, or one of your children, or a complete stranger. You may even end up giving it to yourself.

The gift is life!

Each year hundreds of persons are killed by accidents during the Christmas - New Year's holiday celebration. Most of these deaths and injuries are in traffic mishaps. The National Safety Council has found that the traffic death toll on Christmas is two or three times the annual daily average—the most dangerous single period of the year.

You may be one of the many drivers and pedestrians who will have it in his power to give a life this Christmas. How?

Well, if you refuse to take that holiday drink before you get behind the wheel—you may be giving life to someone.

If you don't try to pass that car on the hill—life can be your gift.

If you slow down when you see that pedestrian step hesitantly from the curb—you may give the best present of all.

It is an ironic fact that the most joyous season of the year is the one most likely to bring traffic tragedy. The reasons are simple, but too often overlooked.

Family gatherings and other festivities of the year-end holiday season bring about the peak travel of the winter, and when more cars are on the move, there is more chance of an accident.

Early darkness plus bad weather add up to poor visibility. Fogged windshields also make it difficult to see and avoid accident situations.

The good fellowship of the season stimulates more drinking, and too often the celebrants clink glasses with death.

Rain means slippery streets and highways. And thousands of drivers still fail to adjust their speed to such adverse conditions.

So get out that Christmas list again and write down one more gift—the life you may give if you drive prudently and safely.

Jury Recommends
Fulltime Supervisors

Adopting a report of a special committee, the San Francisco Grand Jury has recommended a charter amendment to establish the job of supervisor here as a fulltime one.

The report suggested the proposed charter amendment establish the numbers of supervisors

necessary, probably less than at present, and that the salary be set at \$1000 a month with a view to attracting men of "proper caliber" for this important public office.

The eleven supervisors now serving receive \$200 a month for part-time duty. A lesser number would be required to handle the city's business if they were on a fulltime basis, the report declared.

American Legion Aux.
Celebrates Xmas Party

By Vivian Pahlka

A large group of members of Daly City Unit No. 410, American Legion Auxiliary, celebrated their annual Xmas party at Legion Hall last Wednesday evening. After the regular business meeting, Santa's gifts, which were piled high under the prettily decorated Xmas tree, were distributed and delicious refreshments were served by co-hostesses Mrs. Mary Crane and Mrs. Catherine Foreman.

A Navajo Legend The Indian's Paint Brush

BY LEE PRIESTLEY

MANY years ago, a little Navajo boy, sitting before the door of his hogan, watched the beautiful, blending, changing gold and rose of the sunset. He saw the sky with the eyes of an artist, but he knew no way to record its beauty.

As the Navajo boy grew he learned to duplicate the beautiful colors of nature in weaving and in pottery but this was women's work and he could not satisfy his own longing to create by making blankets and water jars.

He was a chief's son and would himself become a leader of his people one day, so he learned to make the sacred sand paintings that have religious significance for the Navajos. But while he carefully sifted the colored sands to make the mystic designs, he longed for brighter, more vivid colors than the dull tints of the sands.

Using the rough brushes and gaudy colors of war paints, he tried to copy the sunset sky but the result was so crude that he threw it away in disgust. He could not paint the colors as he saw them with the primitive means at his hands.

ONE evening as he watched the flaming sunset, he heard a voice saying, "Take up your brush and paint!"

Looking about him in amaze-

ment, the young chief saw flowers growing about his feet, their brush-like petals dripping with the same red and gold he saw in the sky!

Snatching the deerskin that was pegged out beside the hut, the young chief began to paint, using the flowers for both brush and color. As the colors in the sky changed, he changed flower brushes that held the exact tint his artist's eye would use. As the color flowed from the brushes to his deerskin, he cast aside the stems.

When the red and gold of the sunset changed to the purples and blues of twilight, the young chief looked at his picture and knew that it was good. On the creamy deerskin, the flower paint brushes had recorded the glory of the sunset skies. With a sign of satisfaction, the artist closed his eyes.

In the clear light of morning, the colors faded from the deerskin. The young chief might have thought his picture had been only a dream had not the children of the village busily gathered the strange, new flower that grew on the hillsides. As they broke the long stems of the orange-red flowers, tipped with the sun's gold, the children called them "Paint brushes! Indian Paint Brushes!"

The young chief was content. His wish to paint the sunset had not made a beautiful picture for the picture was gone. But it had brought the bright reds and golds down to earth where all men might see their beauty.

To prepare these surprises, split the walnuts carefully in half and remove all the nut meat. Scour the inside. Then enclose your surprise. This may be a chocolate, a glazed cherry, a coin, a tiny souvenir, a postage stamp for a collection, or any little gift that will fit inside the shell.

It's an Idea

BY JOYCE HUNTER

A THIN piece of birch bark was one of the cleverest Christmas cards we ever received. The sender's initials were cut into the bark and the message was written in ink on the smooth side. It's an idea!

Another Christmas stunt is nuts, colored or gilded. Easter egg dyes are very good for this, because they aren't apt to make you sick. Take care that the coloring you use isn't poisonous. The nuts can be used in a treasure hunt, or in a gift package, or simply as decorations in your home.

Bay City To Seek Tideland Title

When Mayor Elmer E. Robinson arrives in Washington to attend the annual conference of the American Municipal Association, this week, he will discuss with President Truman legislation to clear title to the City's tidelands.

Title to reclaimed marginal lands, including much of the Marina and Montgomery street business areas, was clouded by a Supreme Court decision last year which held the Federal Government had prior rights over all tidelands, and failed specifically to exempt those lands adjoining inland waterways, such as the San Francisco Bay.

The Mayor's plan to reclaim 25,000 acres of tideland lying between Islais Creek to the southern boundary of San Mateo is also at stake. Congressional action clearing title to the disputed tidelands would enable the Mayor to proceed with his plan to develop sites for heavy industry on the Bay and to provide additional housing space.

In Washington the Mayor will be joined by Harry D. Ross, controller, John D. Sullivan, public service director, and Supervisor Dan Gallagher.

McFadden, treasurer; circle chairmen Mrs. Margaret Archer, Mrs. H. King, Mrs. Ora Miller, Mrs. George Lindsey, Mrs. Fred Harder, Mrs. H. S. Holcomb.

OLD GLORY PARTY

Tom and Jerry's mixed up by Mr. and Mrs. Walter Dorn were the main attraction at the annual Christmas party of Old Glory Post, VFW, and Auxiliary last Friday at Little Italy Hall.

Daly City VFW Post Gives To Hospital

Old Glory Post 2044, Veterans of Foreign Wars, will present a 16 mm movie projector, equipped for sound, to patients at the Palo Alto Veterans Hospital Sunday afternoon at the hospital, it was announced by Bill Sweeney Jr., post commander, today.

The gift was made possible through the local post's share of the countywide benefit dance held at Bay Meadows on October 2, and Sweeney expressed appreciation to the public and to merchants who supported the benefit.

Cliff Wiley, senior vice-commander, and quartermaster Ray Brulez will make the presentation on behalf of the members of Old Glory Post. Members of the VFW auxiliary will also be present and the public is invited to attend.

New P. G. and E. station brings power and beauty to San Francisco

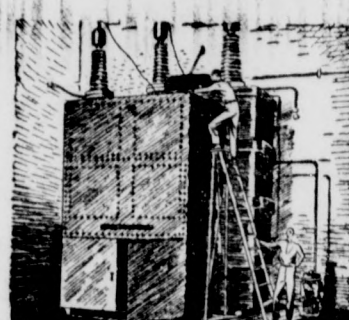

Dramatic symbol of electricity today is P. G. and E.'s new transmission and distribution station on Mission Street near San Francisco's Civic Center. The station was designed along clean, functional lines with massive construction—a modern style of architecture that reflects dignity and strength, and adds to the city's beauty. Two

110,000-volt underground cables—first in San Francisco's history—carry power into the building where it is transformed, or "stepped down," into lower, usable voltages. The current is then fed into the intricate network of substations and distribution lines that supply San Francisco's homes and businesses with light and power.

This giant circuit-breaker regulates the power, turns it on and off as it's needed... like the light switch on your wall. It automatically controls the flow of tremendous electrical energy to the station's transformers.

New 75-ton transformers are expensive... so is all other equipment which goes into our new facilities. Since V-J Day, we've spent \$300,000,000 in new construction... money which has come from thousands of investors.

for the record

P. G. and E. has added 12,000 miles of power lines since V-J Day. Over 400,000 new horsepower has already gone to work for California. And before 1952, another 1,500,000 horsepower will be on the lines.

Work never stops on our power-building program

D.C. SPORT SHOP XMAS PARTY AT DEL MAR THURS.

Rumor has it that Santa Claus has put his eight reindeer out to pasture and has bought an airplane in which to deliver his Christmas presents.

We cannot verify this rumor, but we do have it on good authority that Santa will give away 1000 airplane model kits at the Christmas Party which will be sponsored by the Daly City Sport Shop at the Del Mar Theatre Thursday, December 23.

And that's not all. Children receiving the kits will be eligible to enter a contest to see who can build the best model airplane. Prizes amounting to \$100 in merchandise will be given for the 10 best models as picked by officials of the Army Air Force. The kids are to bring them to the Del Mar Theatre December 30 for judging. The party will be held for the children from 12:45 to 5 p.m. While the older children are watching the movies, Santa Claus will be in the lobby for little brother and sister. Gifts will be given to all. The airplane kits will be given away after the movies are shown as the children pass into the lobby.

Parallel Bridge Plan Opposed By Supervisors

The proposed parallel Oakland-San Francisco Bay bridge was under fire from the Board of Supervisors this week as forces throughout the city protested the Tudor report which advocates building a new span alongside the present structure.

Hundreds of civic and other organizations in the city likewise have protested the parallel bridge plan and are plugging for the southern bay crossing proposed by the Army-Navy engineers board.

Homer J. Dodge ON THE JAPANESE DEMOCRACY

WASHINGTON.—Two groups of Americans have returned from Japan since the war representing as diametrically opposite casts of color in their views as black and white. Members of these groups are made up of Americans who have served in a military or civilian capacity in Japan since the surrender. Some are Army officers who were retained on General MacArthur's staff and some are civilians who were sent out afterwards.

Opposing Views
The two opposite views are these: One group insists that the Japanese people, underneath their suave and ingratiating manner, entertain an indurated bitterness against the Occident and all it stands for, and especially against America, recognized as the Power which ultimately defeated them.

The story told by these returned

Americans, some of whom have retained military commissions and been military governors of provinces, some of whom have been legal officers, others of whom have been press relations representatives, is that the Japanese people never will be able to forget that they were signally defeated after having first, themselves, conquered half the East.

Deep-Rooted Philosophy
There would seem to be much in human nature to support such claims. For a nation, bred in a military tradition, imbued with veneration for long lines of ancestors, reared in an aura of devout worship, to turn overnight into firm believers in democracy seems contrary to practically all human experience. Human beings do not react that way, according to this school of thought; and, forsooth, there is much to be said for that school. Its American supporters assert that the defeated Japanese will, at the first opportunity, rise again intent upon wiping out the defeat which was visited upon them by American arms.

The second group, representing

the second school of thought, is equally sincere and insistent. Its members declare that the Japanese have, indeed, accepted wholeheartedly the inner genius of western democracy and have utterly renounced their earlier and older beliefs.

Nature of Shintoism
They present a case which is, perhaps, as strong as the opposing one. They declare that the mass of the Japanese people did not believe in militarism. It is pointed out that Shintoism is not a religion, but a system of tenets, a way of life. The fundamental religion of Japan is the faith and belief of Buddha, a faith closely akin to the faith of Christ; that is, a faith of peace and the Golden Rule. Shintoism, it is claimed, is a code superimposed upon the basic Buddhist religion, but does not go so deep.

Wherefore, the mass of the Japanese people welcome relief from Shintoism and the full recognition of their less warlike tenets. They embrace the idea of democracy and all its works and have become lovers of the Occident and, especially, of America.

Auroral displays have been found to occur approximately between 50 and 100 miles above the earth's surface.

An ordinance adopted by the City of Sacramento in 1856 prohibited fights between bulls and bears on Sundays.

Vital Question
It is beyond the ability of any newspaper, today, to assert which of these groups is right in its estimate of the inner and deeper feeling of the Japanese people. What is of supreme importance is to ascertain which side is correct in its estimate. It could well make all the difference between the future relations, not only of Japan and the United States, but of the United States and the entire East.

It is no exaggeration to say that the secretary of state, the heads of armed forces, the President himself, and other officials charged with heavy duties are aware of this amazing difference of opinion and are as eager to learn the truth, as every American must be.

When Minutes Count

By Betty Barclay

YOU don't have to wear yourself out, in order to serve good meals on the hectic days preceding, as well as on the Big Day. Thank your Christmas star that you live in a wonderful age. Then go out—and buy some of the delicious ready-prepared foods that are available for your convenience and enjoyment. With no effort at all, and with very little time, you serve dishes fit for a king. Try, for example, Choco-Mint Cream for dessert one night, and watch the family's eyes light up. All the surprises needn't be on the Christmas tree!

Choco-Mint Cream

1 package prepared chocolate tapioca pudding; 2 cups milk; 1/2 to 1/4 teaspoon peppermint extract. Turn pudding mixture into saucepan. Add milk and mix well. Bring to a boil, stirring constantly. Remove from heat and add peppermint extract. Mixture will be thin. Do not overcook. Cool, stirring once after 15 to 20 minutes—mixture thickens as it cools. Chill. Serve plain or with whipped cream. Makes 4 or 5 servings.

NEW 'APE MAN'
REPORTED BY U. C.

Evacuation of the fossil remains of a huge, ancient ape man, the largest such creature yet known to science, has been reported to the University of California by a party of the University's African Expedition working near Johannesburg, South Africa.

The creature's remains were discovered by Dr. Robert Broom, eminent South African paleontologist now working with the expedition. The discovery was reported by cable to Wendell Phillips, leader of the expedition, who is now in Berkeley.

The remains consist of a lower wisdom tooth, two upper incisors, an upper canine, and much of a lower jaw with three premolars and four molars. Dr. Broom said the jaw is massive, and some of the teeth are typically human and larger than those in the recently discovered giant Java Man.

"On the evidence to date," Dr. Broom said, "we can say that a new type of ape man has been discovered, larger than those previously known. Already conclusive evidence has been obtained that these ape men are alike, and prob-

ably ancestral, to man, and not closely related to living apes." The new ape man is called the Swartkrans man, after the place of discovery, a limestone cave at Swartkrans, near Johannesburg. The size of the animal is in contrast to earlier ape men specimens, these being little more than four feet tall. The Java Man, a true human type as differentiated from the near-human "ape men" stood about nine feet tall and was probably more than twice the size of modern man.

Reluctant Patient. Lovely Myrna Dell lends moral support as Pat O'Brien coaxes little Billy Gray to take his medicine in RKO Radio's "Fighting Father Dunne," starring Pat O'Brien as the famous priest, founder of St. Louis' Newsboys Home. The film is currently showing at the Crest Theatre, paired on a double bill with Randolph Scott in "Trail Street," saga of early day Kansas and famed "Bat" Masterson, U. S. Marshal of that turbulent era.

HI-LITES From Jefferson Union High School

by Carol Donaldson

The carnival held last Friday night was a huge success and the proceeds, which went to the Athletic Fund, were beyond expectations.

The low and high juniors placed their orders for senior rings December 7 and 8. These rings, solid gold instead of the traditional blue and gold, were chosen by the students several weeks ago. A committee consisting of members of the junior class selected the different rings to be displayed. A three-dollar deposit was required when the order was placed and the remaining amount is to be paid when the ring is delivered.

The familiar red cross, symbol of the county Tuberculosis Association, was given to those students who contributed to the drive held December 1 and 2. A total of \$41.63 was collected which will be used to help pay the expenses of the mobile X-ray unit, which gives free X-rays once a year at the schools of the county.

A Christmas assembly has been prepared under the direction of Miss Seaton and was put on today in assembly. It was enjoyed by all the students.

PRICELESS GIFT

For your family, the best Christmas gift of all is your personal safety, says the California State Automobile Association. Don't take chances in the Christmas shopping traffic rush. Walk carefully and drive carefully.

San Mateo Jaycee News Events

San Mateo Junior College Players are staging their term play this week. Opening Thursday evening in the college auditorium, the play is being repeated this Friday and Saturday nights. Tickets may be bought at the door each evening. The play starts at 8:30 o'clock.

The play is based on the idea of death taking a holiday to find out why people fear him. Disguised as a human being, death visits a villa, meets the other guests, and complicates matters by falling in love. Several women fall in love with him. Humorous scenes are found throughout the play. Harry

DECEMBER HAZARDS

More hours of darkness, bad weather and Christmas shopping traffic combine to make December the most hazardous month of the year from the traffic accident standpoint, warns the California State Automobile Association in a plea to drivers and pedestrians to "Take It Easy."

Santa Rosa Junior College there. December 20 the Mateans play El Camino JC at San Mateo, and on December 22 the University of California Blues at UC.

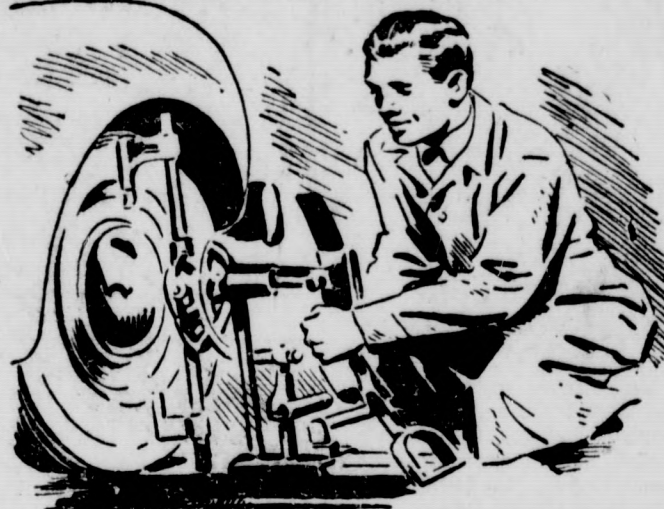

This Friday the college students will elect the queen for the homecoming events scheduled for January 13-15 when all alumni are invited to attend.

Tel. & Tel. Employees Aid Blood Bank

Twenty-two employees from the Pacific Telephone & Telegraph Company's Burlingame, San Mateo, Millbrae, Redwood City, San Bruno, South San Francisco and Daly City offices have been blood donors this past month at the San Mateo County Blood Bank.

Until recently, the telephone em-

ployees from this district had credit of 110 pints of blood at the county bank. Emergency operations for employees or employed families brought this credit down to 51 pints. Therefore, with the object of bringing the credits back to the 100 mark the PT&T employees have sent out a call for members to register at the bank blood donors.
